Synopsis

Crack the Code, Learn the Hidden Secrets of this spellbinding classic. Science Fiction, Dystopian, Encyclopedia, Study Aid, The Best Book on 1984 Ever! Published around the world, this book has become an undisputed classic in the field of motivational literature. Inspired by the rising political climate of the times, it has been cited by many as the "calling card" that propelled countless numbers to think for themselves and resist oppression. 1984 has single-handedly changed the lives of millions of men, women and young adults and produced a legacy of critical thinkers that includes many of today's and yesterday's leaders in business, government and civic organizations. 1984 was a year of some fears. There was the Cold War fear, the fears about the film "The Day After Tomorrow" that reflected the nuclear fears. But, the 1984 that George Orwell, had predicted, Was not, yet, here. We went along in the 1980s with those and other fears, but we were mostly happy. I first read this book as a teenager, and there was a great deal of discussion about the book. Did we really think that life would be as totalitarian and regimented in 1984 as the book predicted? For most of us, no. We realized most would be alive in that year, and we had no fear. Now, in 2017, the fear is here. 1984, the book is in the top ten book sellers this week. Why? Fascism is upon us. Our rights are being depleted every day. George Orwell told us, but it took 33 years after 1984 for his predictions to come true. Read on, ye seekers of truth, we need to unite. Broken down like never before in this spellbinding book that will keep you on the edge of your seat for more. . . you thought you knew 1984. Learn the Top 10 Reasons 1984 is much more than just another famous book and why it matters in 2017. It's a novel of immense political and social significance that's never going to date. . . this book is amazing. It will expose you to the concepts of equality; freedom, prejudice, and fascism by, you will also through this book understand how easily our freedoms can be lost. If you read 1984 and still don't understand it, then this is the book for you, broken down in easy to understand language Steve Strong deciphers the master Orwells work 1984.
