Customer Reviews

The man in this brief little magazine were hot ..but not really worth paying for.

Needs longer hair, more piercings and tattoos, I only found two guy pictures that I liked and thought were cute in this book, no offense men, it's nothing personal,

I just finished downloading the kindle version. I will be glad to post my review once I have finished it.

its is a great display of guys in shape

The *Author* of this very fine collection of color photographs of male hunks is *Evelyn*, though it seems as though this compendium is the showcase for the publishing hour Digital Beauty. The photographers are not identified as the artists they are, the models are a healthy group of well sculpted physiques, and while each model is presented in speedoes or trunks (no full nudity) the male aspect of these models is clear: this is meant to arouse the viewer. The quality of paper is excellent and the quality of photography is HD - superb color and definition. The models are outstanding - an assortment of men that will satisfy the tastes of every voyeur. No commentary, just male beauty, and that is more than enough! Grady Harp, March 16

No nudity major let down! I want to see dicks not in underwear. So it was boring to look at. I wanted to see naked men.

Mostly "tasteful" nudes and half-naked men that wouldn't be too out of place on a Google search with the adult filter enabled.
