The Sorcerer's Companion: A Guide To The Magical World Of Harry Potter

Synopsis

The New York Times bestseller, now fully updated to include the complete seven-volume series. Who was the real Nicholas Flamel? How did the Sorcerer's Stone get its power? Did J. K. Rowling dream up the terrifying basilisk, the seductive veela, or the vicious grindylow? And if she didn't, who did? Millions of readers around the world have been enchanted by the magical world of wizardry, spells, and mythical beasts inhabited by Harry Potter and his friends. But what most readers don't know is that there is a centuries-old trove of true history, folklore, and mythology behind Harry's fantastic universe. Now, with *The Sorcerer's Companion*, those without access to the Hogwarts Library can school themselves in the fascinating reality behind J. K. Rowling's world of magic. Newly updated to include *Harry Potter and the Half Blood Prince*, and *Harry Potter and the Deathly Hallows*, *The Sorcerer's Companion* allows curious readers to look up anything magical from the Harry Potter books and discover a wealth of entertaining, unexpected information. Wands and wizards, boggarts and broomsticks, hippogriffs and herbology, all have astonishing histories rooted in legend, literature, or real-life events dating back hundreds or even thousands of years. Magic wands, like those sold in Rowling's Diagon Alley, were once fashioned by Druid sorcerers out of their sacred yew trees. Love potions were first concocted in ancient Greece and Egypt. And books of spells and curses were highly popular during the Middle Ages. From Amulets to Zombies, you'll also learn: how to read tea leaves where to find a basilisk today how King Frederick II of Denmark financed a war with a unicorn horn who the real Merlin was how to safely harvest mandrake root who wore the first invisibility cloak how to get rid of a goblin why owls were feared in the ancient world what really lies beyond the Veil the origins of our modern-day "bogeyman" and more. A spellbinding tour of Harry's captivating world, *The Sorcerer's Companion* is a must for every Potter aficionado's bookshelf. *The Sorcerer's Companion* has not been prepared, approved, or licensed by any person or entity that created, published, or produced the Harry Potter books or related properties.

Customer Reviews

“A potent blend of fact, fiction and folklore. . . . Thorough research and period prints combine to create a memorable book.” —Publishers Weekly

Allan Zola Kronzek is a professional magician and educator who lectures on the history of magic and conjuring. A frequent visiting artist at elementary and middle schools, he is the author of *A Book of Magic for Young Magicians: The Secrets of Alkazar*. Elizabeth Kronzek, his daughter, is a writer, editor, and historian. She holds a master’s degree in Renaissance history from Princeton University.

Not Rowling, so don’t expect it. A good compendium of myths, legends and fables from around the globe. Wonder where Rowling got some of the terrifying and bizarre creatures in the Harry Potter series? Here is the bases for some of these creatures.

This book gives you little bits of insights about the Magical World of Harry Potter. Fun facts, stories, and more. A welcome addition to any Harry Potter fan library.

As a Harry Potter reader and watcher I was intrigued about how the author came up with all the magic, magic words, and names of people that fill the HP books. This book goes a long way to explain some of the history and truth behind the books.

I purchased this book for a friend who has read all the Harry Potter books and has seen all the movies. She was delighted with it!

Got this for my daughter - a mega HP fan. If you like learning about the origins of myths, legends, witchcraft and sorcery this book has it all. JK Rowling really did her research when writing the HP series. Very interesting.

I loved this book when I borrowed it from the library a while ago, and now it's mine! Complete with real life examples of how things in Harry Potter were really used and more.

Got this for my 10 year old son who loves Harry potter. Great quality. Better then I expected by far.

Really enjoyed this book to go along with a Harry Potter unit study. My middle school aged kids and I loved learning a bit of fiction and real history about magic
