Customer Reviews

Ben Box has been working on the South American Handbook for over 30 years and is a Latin

America expert. Ben has contributed to newspapers, magazines and learned tomes, usually on the subject of travel, and has also been involved in Footprint's Central America & Mexico, Caribbean Islands, Brazil and Peru since their inception. Having a doctorate in Spanish and Portuguese studies from London University, Ben maintains a strong interest in Latin American literature and culture.

During my trip to Montevideo and Buenos Aires I used this book. This was my first trip, and this provided good background, information about travels and local customs.. Could I get around without this? For sure, there is a lot of other internet based resources.. but this did give me sufficient background, and some tips... so I recommend for first time visitors who do not have much time to do any research before getting on plane.

Very few pictures, too-dense print, not very upbeat...this book did NOT make me want to visit Northeast Argentina & Uruguay! But that's the problem with buying from .com without knowing in advance what you want...you really lose a lot when you can't browse.

Well paired with the Bradt Uruguay book for travel through this region
