Customer Reviews

The clever and inventive Lunch Lady along with her protÃ©gÃ©s, elementary-school students Dee, Hector, and Terrence, take on the titular bad guy in another satisfying episode of schoolwide politics, derring-do, and a bit of appealing fantasy, culminating in the attack of the villain's supercharged Buszilla. A know-it-all fellow student, a crusading health teacher, and a maniacal bus driver are among Krosoczka's funny and over-the-top red herrings. The high action of the yellow-washed, black-and-white cartoon panels is echoed in the narrative's pacing. The end clearly sets up the gang's next adventure. Grades 2-4. --Francisca Goldsmith

JARRETT J. KROSOCZKA is the author and illustrator of four other Lunch Lady graphic novels, as

well as numerous popular picture books, including Punk Farm, Punk Farm on Tour, and Baghead.

My son loves this series. He has read the whole series more than once, he is eight. I lent them to his friend who has a type of ADHD and he loved them. His mother loved the fact that he sat down and read the whole book and couldn't wait to read the rest of the series. I have found that sometimes it is hard to get little boys to read, these are comic style, but at least they are getting used to finding entertainment through reading/books vs. electronics

I read this...to make sure it was appropriate for my great nieces and nephews. At first I was a little dubious but re-read and second time and decided there wasn't anything really bad and it was in comic form which would appeal. My goal was to get a 9 and 12 year old interested in reading for the fun of reading. This does the trick. I keep them at my house so the kids have something to read when they're here. It took them two visits to finish one of the books...and the big clue that they were a success was that I didn't have to remind them about the books on the second visit. They started looking for them when they walked in the door. Thanks Lunch Lady! You did the trick!

I bought a bunch in this series for my class library but the humor I find in Baby Mouse and the Squish series just isn't there. I read this series with my child. They were popular in the school library but I didn't find them that engaging as far as purchasing and reading these in comparison with some of the other series I bought. Good concept but needs to be funny!

It was funny and I can not stop reading this was like my 5 th time reading it I love this book
