Carol Ottolenghi has written nonfiction and fiction books for adults and children for almost 20 years. In 1996, she won the Society of Children's Book Writers and Illustrators Magazine Merit Honor Award. One of her stories was selected for Best of the Children's Market by the Institute of Children's Literature. She currently lives in Ohio.

I thought this was a great version of the story with great graphics. I used to tell this story from memory to my 2 yr old daughter and it's all she wanted to hear about, so I thought I'd look for a

book. This story was pretty much the same one, had more details than what I remembered, but good details. For those interested (since it's not real clear), here is a summary of how this specific book tells the story:-Jack and his mom (who is out of work) are poor and decide to sell their cow-Jack goes to sell it but is met by a man on the way who trades the cow for magic beans-Jack's mom gets angry and throws the beans out the window, resulting in a beanstalk-Jack climbs the beanstalk to find a castle-The female giant agrees to let Jack work for some money, but warns him that her husband will want to eat him if he gets caught-Jack steals some gold coins from the male giant while he is sleeping (which the giant stole from Jack's village in the first place)-Jack goes back up a second time and steals the goose that lays the golden eggs-Jack goes up a third time to steal the singing harp, against his mother's request, which ends up waking up the giant, who chases Jack down the beanstalk-Jack and his mom chop down the beanstalk, destroying the giant

The classic story. I really like the illustrations. It does have the words Fee Fi, Fo Fum, I smell the blood of an Englishman. Whether that is too scary for some children, I don't know. You could always edit your reading! I hope to read this to my grandsons soon and see their reaction. I am looking into buying others in this series.

This is a nice version of the story, and the illustrations are nicer than I expected for a bargain priced paperback. Just FYI- this is the adaptation of the story that claims the giant stole the gold, goose, and harp from Jack's family, which I suppose somewhat diminishes the heinousness of the theft/murder Jack and his mother commit. (Okay, not at all, but apparently that's why this rendition has become more popular in the last generation.) This reads as a classic, with just a bit of humor.

I purchased this book because I enjoyed it going up and I read it to my children. Now I'm a grandma and decided to start reading to my grandchildren and they love it, what surprised me the most is the price of this used (NEW) book, it wasn't used at all and I was able to personalize this book with their names in it so now they smile saying read my book.this was one of many books I've purchased and love so much. I have recommended this to my children for home collections. even their cheap selves can afford this. Thank you soo muchThis one is a favorite of my eldest granddaughter every night! but I love this time with them.

Story had been modified to make it politically correct - looking for more original story to read to a group of children as part of a junior gardening program

It is very difficult to find fairy tales appropriate for preschoolers -- either they are too close to the original, "dark" versions or they are too wordy/lengthy to keep a young child's attention. This book is great, because it is direct, simple, yet well-written. The story is not all roses and rainbows, but it's not as brutal as the original Grimm or Andersen tales. The pictures are beautiful. My four-year-old loves this story, more than any of the others in the series, and now he knows what we mean when we yell "Fee fi fo fum!" when we come looking for him during hide-and-seek!

Nice to have classic story in easy to use size.....book form gives you that one to one time that's lacking in a video.

Received in perfect condition. Thank you!
