Bruce Lee Abs Workout For A Six-Pack Stomach

Synopsis

Do you want to know how Bruce Lee built such perfect abs? Discover what types of core exercises he did and find sample workout routines here in this one-of-a-kind book - and all written by an author who gets much of his information direct from sources who knew Bruce personally; for example from Bruce Lee's best friend as a teenager - someone who sat next to Bruce at School in Hong Kong. Almost all of Lee's body parts were perfect but his abs were the best. He had an extremely great looking midsection that was hard as stone. His abs were defined and looked like a washboard. He was especially good at core training. He was always searching for new types of exercises in order to maximise the strength of his abdominal muscles. There are many advanced exercises linking to his name - and all are included here in this book for the first time ever (plus book references he used). Maybe, the most famous one is the Dragon flag. You will also see that he mainly did bodyweight core exercises such as various leg raises, sit-ups, and twists. On the other hand, he sometimes used equipment for example dumbbells. Most of the Bruce Lee ab exercises can be done at home. In summary, I have collected the best abdominal exercise and fitness routines from the 1960s-70s that Lee would have - and did - use; and in which you can learn what kind of abs exercises he employed. Why wait any longer - its time to get Bruce Lee Abs!

Book Information

File Size: 7341 KB

Print Length: 58 pages

Publication Date: April 11, 2017

Sold by: Amazon Digital Services LLC

Language: English

Customer Reviews

Basically just the same workouts youÃfÂçÃ â ÑÃ â„çd find on any website, magazines, DVDs, etc. would return it if I could did not have that option.
