Wayne Weible is a former newspaper publisher and columnist who became interested in the alleged apparitions of the Blessed Virgin Mary, to six young Croatians in the tiny farming village of Medjugorje in Bosnia-Hercegovina, in October 1985. He has authored eight books on his experiences and investigations of the reported apparitions, all which have become international best sellers. The book *Medjugorje: The Message* was first published in September 1989 by Paraclete Press. It is the top-selling book internationally on the Medjugorje apparitions, with more than 1 million copies sold. Weible converted to the Roman Catholic Church in December, 1991; however, he continues to emphasize that The message coming from the Virgin Mary in Medjugorje is for all faiths, not just for Catholics--or for that matter just for Christians --This text refers to an out of print or unavailable edition of this title.

This book has changed my life. I have become much more spiritual in my life since reading this book. This book is very easy reading and once you get into the 2nd chapter you can't put it down!!! I

have bought several copies just to give away, hoping this book would change their life. Take a chance buy the book , you won't regret it

I read this book back in 1996 and again in 2013 and was very moved by the whole work written by the author. Shortly after reading this book I was so moved personally that I traveled to the village of Medjugorje in former Yugoslavia in 1996 to validate what I had just read in this book. I cant recommend this book enough to any anyone of any back ground. It is one of the most moving inspirational books I have ever read. Be prepared to have your life changed in the most beautifully way you can imagine. You will find what you need here in this journey.

I was a nominal Catholic at best in 1994 when I happened to read this book one weekend when the family went out of town to visit relatives. I was not much of a reader at the time, but I oculd not put it down. I can say that it completely changed my life then and up to the present. It had a major impact on other family members and many others I know. Medjugorje itself was personally promoted by Pope John Paul II to many he came in contact with, including Mother Teresa, many Cardinals, Bishops, and Priests. Because of its world-wide significance, in an unprecedeted manner the Vatican has taken authority over it and is expected to make some type of pronouncement over it in 2013 or soon thereafter. In my opinion, there is no better place in the world to make a pilgrimage or to send a family member or friend who is in need of a spiritual conversion. Mary's role is simply to bring others to her Son and to teach us that God truly exists. It seems it is virtually impossible to come away from Medjugorje (or simply from reading the book) without experiencing a major change in your life.

This is a wonderful book about our Mother of Medjegorie who. after over 30 years of appearing in this little town, is trying to call her children back to God...before it's to late...a beautiful book.

This was the first book written by Wayne Weible on the apparitions of the Virgin Mary at Medjugoje. It is a powerful account of how a Protestant was made aware of the apparitions and, despite his initial skepticism, had to accept the truth of them, developed a relationship with the Virgin Mary, wrote about what he had heard and experienced, and eventually converted to Catholicism based on these powerful experiences.Had he already been Catholic, his writings would have held less impact. Because this all came from another Christian denomination, it just holds up to us all the universality of this experience. Mary isn't coming just for Catholics--not even just for Christians, but for anyone

who hears and responds to her message of love, prayer, fasting, listening to and responding to the call of her Son, and conversion. Mr. Weible presents this to the reader in a beautiful and well-documented form.

I read this book five years ago when I was in holy adoration , prayer for an hour in the presents of the Holy Eucharist . After saying my rosary which took about twenty minutes I didn't know what to do for the rest of my hour . At back of the chaple there's a book shelf with religious books , I picked this book Medjugorje , the message and it changed my life, I bought every book that Wayne Weible wrote on the subject . Now five years later I've been to Medjugorje three times twice with my family and last year with my church group and the blessings from Our Blessed Mother, Gospa continues to this day . This book changed my life.

This is a great book and amazing story of our times. The book was sold at a good price, well packaged and arrived in a very short time. I was so impressed I have ordered more of Wayne Weible's writings.

One of the best books you'll ever read and very important messages to spread in this era in the world that has no peace.
