Learn Japanese Through Dialogues: At The Restaurant

Synopsis

Finally, a fun and easy way to learn REAL conversational Japanese! This was created for upper beginners of Japanese. Due to the natural speed of the conversations, those brand new to Japanese may find it challenging. This is a standalone product. You don't need anything written to review before, during, or after listening to At the Restaurant. However, we do sell the ebook companion with more grammatical explanations, all vocabulary, and all the dialogues from this audiobook. Each of the eight dialogues are broken down into four tracks each: First, the dialogue is presented naturally and all in Japanese. This may be too fast for you at first, but try listening to it a few times to attune your ears. The second track has the dialogue again but the English meaning is spoken right after each line of Japanese. The third track covers the vocabulary found in the dialogue. Every word is defined with the English meaning spoken after each Japanese phrase. The fourth track has the dialogue again but leaves space for repetition. Try to mimic the Japanese speakers in sound and presentation. Contents: Dialogue 1: Making Reservations Dialogue 2: Getting a Table for a Friend Dialogue 3: Meeting Sally Late Dialogue 4: Ordering Dialogue 5: Waiting for Food Dialogue 6: Udon Dialogue 7: New Year and Soba Dialogue 8: At a Donut Shop

Best Sellers Rank: #18 in Books > Audible Audiobooks > Language Instruction > Japanese
#570 in Books > Audible Audiobooks > Nonfiction > Language Arts & Disciplines
#25026 in Books > Reference > Words, Language & Grammar

Customer Reviews

The book had downloads for MP3's and the e-book versions as well. The paper book is great. It has the full text in Japanese for you to work with and learn and then it has the romanji over the English translation for each sentence, interesting items, and a section of vocabulary that looks at all of the major parts of the sentence. After that it starts the next section off with a full text in Japanese and

then repeats the pattern. There are 8 sections in the book. The nice thing about this layout is that it challenges you with the full Japanese text, but makes looking up the stuff you don't know easy and thorough. I had a problem with the web site for the e-book, but when I sent an e-mail for assistance, the author responded promptly and took care of the problem; he seemed honestly interested in making sure I got the most out of his book that I could in my efforts to learn Japanese. I highly recommend this book and look forward to getting more of these books by Clay Boutwell.

Anything Japanese I just love so I knew getting this would never be a decision that I would come to regret.
