Customer Reviews

Out of all of the Mandala coloring books that this company has, I believe this one gets the top vote from me for beautiful patterns. This coloring book comes with 40 designs on single pages, each design different and beautiful. You can easily get lost in the beauty of these designs and loose track of time!! If you are looking for an adult coloring book, and even if mandalas aren't your style, check out everything that this company offers because I can promise, you won't be disappointed!! I am happy with this product and would recommend and have already. **I received this book as part of a preferred reviewer program for testing in exchange, if I so desire, for an unbiased, honest review.

Bought this for my mother and she loves the pictures. I searched for the perfect coloring book for her and went through many. Someone had posted the pics and they looked really good. Thank you very much!

This book had some great mandalas with very intricate designs. Awesome!!

The most peaceful thing of the day? Getting up at 4 am to color in solitude. The most fun thing of the day? To pick out your next project just before finishing the current one. The most satisfying thing of the day? To finish your project and to self-judge it worthy to display with your other best work. Thank you, Papeterie Bleu, for being part of that joyful journey.

Too busy, the mandala then the background, it truly distracts the person coloring, too many flowers, crowns, etc. And I bought it, because you can only see the front and the back of the book, you need to show more of the content.

This is a nice collection of doodling art. These books give you the doodle and you just have to imagine what color you want them to be. The adult coloring books are nice stress relievers.

Designs are nice but they have too many big spaces, not challenging enough. This book would be more suited for a younger person. Paper quality not good, too rough.

This book is very well made. It has forty large mandalas. They all have very crisp lines. The paper it's printed on is smooth and nice to color on. This is a great book for someone who loves mandalas. I hope my experience with this product helps you with your product. I work hard to give thoughtful, honest, and instructive reviews for each item that I order. Some full price, some discounted, and some free. I put a lot of time and honest effort to be straight forward.
