# Nora Roberts's Bride Quartet

## Synopsis

The four ladies of Vows wedding planning company find love of their own in this delightful collection that includes all four novels in #1 New York Times bestselling author Nora Roberts' Bride Quartet.

**VISION IN WHITE** Wedding photographer Mackensie "Mac" Elliot is most at home behind the camera for Vows, but her focus is shattered moments before an important wedding rehearsal when she bumps into Carter Maguire—the bride-to-be's brother—in an encounter that has them both seeing stars.

**BED OF ROSES** Jack Cooke is so close to the women of Vows that he's practically family—which makes things awkward when he admits that his feelings for florist Emma Grant have developed into much more than friendship.

**SAVOR THE MOMENT** Wedding baker Laurel McBane is surrounded by romance working at Vows. But she's too low-key to appreciate all the luxuries that their clients seem to long for. What she does appreciate is a strong, intelligent man, a man just like Parker's older brother Delaney.

**HAPPY EVER AFTER** No man has rattled Parker Brown in a long time, but motorcycle-riding, raven-haired mechanic Malcom Kavanaugh seems to have a knack for it. As the public face of Vows, Parker's business risks have always paid off, but now she'll have to take the chance of a lifetime with her heart.

## Customer Reviews

I absolutely love this series! The concept behind the books is amazing! I love these four friends and their love interests. I find reading these books is like watching a favorite movie over and over - I continue to go back to them! Nora Roberts has created a quartet of friends that you want to know and be friends with. Though the stories are predictable they are lovely and draw you in from the beginning, holding you until the end. They are each different, but compliment one another beautifully! And the men - well, they are all swoon worthy in their own ways, but what makes them so lovable is their dedication not only to the women they are in love with, but the women they love!

This is such a great book, that I look forward to going back and reading these stories again like some that I already have, and I am impatient to read the rest of Nora Roberts' stories right now. Hot, Hot, Hot, love scenes, a well written, creative and intriguing story about family plus inventive, vivid characters, all on top of seriously wonderful love and romance. Each story is about one key person, usual in a family, or close group of friends, they are linked through intricate, messy links and it's almost like a movie you get the privilege of witnessing about these people's powerful, emotional, and often times painful journey towards falling in love. Roberts is one of my most favorite author's, and she doesn't disappoint in this series. Her unique style and classy, yet moving love scenes, paint a beautiful picture that leaves a person longing for something similar for themselves. All of that is combined into this fantastic series and make this book a "must-have"!!!! I didn't want to set it down....seriously!! Lol I was nodding off over my book on several different occasions. Worth the price and more to have a Nora Roberts book in your library collection!!!!!!

I loved all 4 of these books. I have read them more than once. I think the off color humor is great and I feel invested in the characters. These are basically romance books with predicted endings but still enjoyable. I love Nora Roberts romance books overall and have read several of her series.

I have just finished these four wonderful books the only thing that could make them better would be having the other weddings

I stumbled across this box set by accident. I read about Bed of Roses and it being the second books so looked further for the rest of the series. Once I had purchased and it had arrived it took me 3 days to read all 4 books. The books are probably the best books I have read in a really long time. I loved the stories, the characters and didn't want it to end. I wish Nora Roberts would write a follow up book for the girls or that we would see a movie made from the books.

What an amazing awesome read. I loved every page of it. It made me laugh and cry, and kept me turning the pages. As with all of her books I fell in love with the characters

This is one of Nora Roberts' older sets, but it's very good. Books were in very good condition!

Amazing books---desperately needs another to finish out the remaining details!! Nora outdid herself with this story of four friends finding love and happily ever after!
