## Customer Reviews

This is excellent if you are a very, very, very beginner student. I am not, so I did return. Also, this is just a brief theme, not the whole song or anywhere near the whole song.

This is only a short portion of the Moonlight Sonata--the portion that everyone is most familiar with. It's for a beginner piano player but it sounds quite lovely. I gave 4 stars instead of 5 because I wasn't expecting it to be quite so easy nor so short. But it's still enjoyable to play.

Complete waste. When people say this is the short version, they literally mean it is TWO pages. I thought they meant it's only the 40 page version instead of the 300 page version or something. A lot of classical music has other movements that you never hear. This one has an entire song that you can't hear.

This is a superb piece that is very impressive sounding, yet fairly easy to play for beginners who are at least half way through the Alfred's Silver Lessons Book 1....a great "Dessert" piece to encourage excitement & a feeling of progress for beginning students!

I wanted this for Art Journaling. So, I has indeed met my expectations. Thank You.

Good arrangement. Students love it, and it sounds nice

Very well rewritten.

Taught myself to play piano. I'm working through this lovely piece. Intermediate... practice, practice, practice.
