## Customer Reviews

Kevin Revolinski's love for the outdoors came from frequent childhood fishing trips and hikes in the woods of northern Wisconsin. He is the author of *The Yogurt Man Cometh: Tales of an American Teacher in Turkey*, *The Wisconsin Beer Guide: A Travel Companion*, *60 Hikes Within 60 Miles: Madison*, and coauthor of *Best Tent Camping: Wisconsin*. He has written for *Rough Guide* guidebooks, and his articles and photography have appeared in a variety of publications including *Chicago Tribune*, *Caribbean Travel and Life*, *Miami Herald*, and the *New York Times*. He has lived abroad in several places including Turkey, Italy, Guatemala, and Panama, but currently makes camp back in the homeland in Madison, WI. Johnny Molloy's first camping trip in Great Smoky Mountains National Park was disastrous, but in spite of that he developed a life-long passion for the outdoors, which he continues today. He has published numerous books including hiking guides to

Virginia, West Virginia, and Tennessee as well as tent camping guides to Florida, Colorado, West Virginia, Tennessee, Kentucky, and the Smokies. He is a resident of Johnson City, TN.

It's a very well written book with useful tips. But, it doesn't cover every state park in Wisconsin. I bought it for tips on Wisconsin most popular park, Devils Lake not listed in the book. Most of the listed locations are pretty popular don't expect to discover new places you've never heard of. Yet full of ideas and worth the money for the resource.

Great guide! A good mix of state park, forest, and national forest campgrounds. Clear information about many of the less developed more secluded campgrounds in the state.

Great for beginners and those looking for adventure.

I love this book. It's good to keep in the glove box, so when your out and about you can make notes. We have found the recommendations accurate and reliable.

I used this book as a guide for 4 camping trips last summer and was pleased that the descriptions of the campgrounds were accurate. This is pretty much the only source I use now for choosing a camping trip and site selection. I have borrowed the book out and others were surprised at the details of the book.

What a great book... we are now more comfortable trying camping for the very first time...very easy to read and understand. I also enjoyed the suggestions for things to do in the areas

We are working (vacationing) our way through this book. Every site has been a joy. No, forget that. This is a terrible book and nobody should pay any attention to the advice therein. Stay away from all these places. ;-)

Best Tent Camping Wisconsin has helped us find the very best in secluded, rustic campsites to enjoy in Wisconsin. With the help of this excellent guide, we'll be camping nearly every week this season. I highly recommend this book, it's loaded with the kind of information that will help you choose a great spot to tent camp!
