Customer Reviews

Some of the arrangements are not as imaginative as the Folk Songs for Solo Singers volumes 1 and II.

I am thrilled with the titles in this book and will find it most useful

This song book was requested by my daughter's voice teacher. It's exactly what the teacher expected and my daughter likes all the songs. Having the CD is great because no one in the house plays piano for practice. Delivery was fast. It was ordered just before Christmas and was here for her first post holiday lesson.

I have used this book for many years and always enjoy introducing it to my students. They are lovely arrangements of old favorites.
