## Customer Reviews

Betty Maoz, a gifted graphic artist, illustrator, and musician created her first significant work of art at the age of thirteen when she painted a mural of the Sgt. Peppers album cover on her entire bedroom wall. Since then she has continued to combine her love of art and music throughout her career. Betty presently sets the bass groove for various bands including her 4 piece woman's band, "SheRock," and a Grateful Dead cover band, "The Promised Land."

This book is beautifully illustrated, with just the right colorful mix of realism and fantasy. It brought back wonderful memories of an amazing era of music and the trailblazing musicians that lead the way. I love this book and keep it where everyone can pick it up and enjoy it !!

It's a rockin' book for any lover of music!!!
