The Pleiadian House Of Initiation: A Journey Through The Rooms Of The Wisdomkeepers

Synopsis

A step-by-step tour through our spiritual home in the Pleiades Recounts the author's spiritual trials to reach the highest levels of her soul's celestial mansion and her encounters with immortal wisdom teachers such as White Buffalo Woman, Taliesin, Mother Mary, and Grandmother Spider Includes lessons to help jettison fear and jealousy so we can continue our ascension to higher consciousness Offers a prophetic glimpse into the future of life on Earth, how our planet is the key to conscious evolution, and humanity's divine role as Keepers of Earth Inviting each of us to discover our spiritual home in the higher realms, Mary Beben provides a visionary tour of the celestial mansion of her family in the Pleiades, a home she inhabited prior to this incarnation on Earth. She explains how transitioning into materiality causes each of us to forget our starry origins, yet it is still possible to remember our Pleiadian heritage and divine reasons for choosing to manifest on Earth. Beben details her initiatic journey as she rediscovered the beautiful rooms on each floor of her Pleiadian house and learned to ascend to higher consciousness while remaining lovingly rooted in the Earth. She recounts her trials to reach the higher levels of the building and her encounters with immortal wisdomkeepers such as White Buffalo Woman, Taliesin, Mother Mary, and Grandmother Spider. Embedded throughout her story are lessons to help each of us jettison psychological baggage like fear and jealousy so we can continue our ascension and fulfill our Pleiadian birthright. Beben explains how her journey offers a prophetic glimpse into the future of life on Earth as well as the key to opening the heart to the higher realms of existence. She shows how ascension will not mean departing Earth but will place our Earthen reality in perspective and help solve problems that seem insurmountable from this dimension. In rediscovering the celestial origins of our souls, we recognize not only the Earth as the key to conscious evolution but also our role as the Keepers of Earth, the planet celebrated throughout the universe on which each of us is fortunate to have chosen incarnation.

Ã¢ "A great, creative achievement; excellent writing and observation of a life lived with awakened awareness, this seeming make-believe world is absolutely real. The Pleiadian House of Initiation is a brilliant tapestry of vision, culture, religions, and nature. presented really good. gets one to look at the inner self in more way than the traditional .

It is absolutely a book everybody should read. This book gives a Picture of what to expect in an ascension process. It gave me a lot. Thankyou Mary T. Beben for sharing.

Well shared, insightful and useful.Thank you... :-)

Having read books by authors who channeled the Pleiadians - Amorah Quan Yin, Barbara Marciniak, Barbara Hand Clow and Christine Day, I believe that the author used the name 'Pleiadian' in the name of this book to attract attention to it. It had, as far as I am concerned, no input from the Pleiadian Emissaries of Light and could very well have been called by some other name. References were made to religions on Earth, but nothing about Pleiadian philosophy. I was disappointed - not even one Pleiadian Emissary showed up in any of the rooms.

Not what I thought.

The Pleiadian House of Initiation: A Journey through the Rooms of the Wisdomkeepers by Mary T. Beben is a wonderfully written metaphor that gives us an understanding of our inner selves and also the wisdom of the Pleiades. There is much wisdom to be found within the pages of this book. As we are taken through the different levels we are taught about different wisdoms and how to ascend to higher consciousness. On our journey we meet many Wisdomkeepers from the White Buffalo Woman of some Native Tribes to Mother Mary. The wisdom we are passed is inserted nicely into the journey that we take throughout this book. Overall, I found this book to be a good read that will impart new wisdom upon each reading of it. I would recommend this book to those interested in the wisdom of the Pleiades and the wisdom found within themselves. I acknowledge that I received this book free of charge from Bear & Company Publishing in exchange for my honest and unbiased opinion of it.

While I am not a reader of the genre in which this book has been categorized, it is hard not to be taken by this beautifully written and moving account of the purpose of our life as individuals but more importantly as communities and societies. It will jump start your own quest for meaning and truth and make you ponder the deeper issues we face as a human collective. We are clearly poised at the cusp of fundamental changes to the ways in which we have defined ourselves and the systems (ecological, social, biological) around us. This book, deceptively simple in the story of a house and a journey, raises these larger questions as well. That it does so in such an honest and delightful way by a clearly erudite and emotionally capable author affected me as the reader body, mind, and soul.

This author shares her experience with the Pleiades, offering readers keys to ascension. The book is as beautifully written as the cover! It's a truly insightful, serious guide to ascension that will help readers at all levels to grow in their understanding of our spiritual evolution and the many gifts that come with it. I recommend it highly and look forward to seeing more from this gifted author.
