Customer Reviews

ITMB Canada is a world leading publisher of travel maps including a wide series on Caribbean islands.

We rented a car in Barbados and used this map to travel around the country. This map had roads in clear detail allowing us to readily find our way. It was especially helpful along the Northern coast east of the Animal Flower Cave area where cell phone based Google Maps was not always reliable. If you are decent map reader and are looking for a dependable way to find your way around the island by car then I would highly recommend.

Perfect as me needs as a professional geographer and frequent traveler
