N: The Beginning

Synopsis

My name is Petra Bordeaux.... Over the past year, the National Council has arrested thousands of law-abiding citizens and charged them with corrupting the public morals. We are their children and now they are hunting us. They have taken our families, our homes, and our possessions. They call us Streeties because we are forced to live in alleys, under bridges and in the open spaces. We are hungry and sick and tired, but we are not alone. We have each other, and we have the truth. We will never surrender. We are N.

Customer Reviews

Had ordered the 2nd book in the series, but thought for once, I'd start at "The Beginning". I like the book because it is short, less than 100 pages. It is packed with action and adventure. It paints a possible world where 'being Christian' is a crime. One is either arrested or re-educated. Or are they? You need to read this marvelous book for yourself. It doesn't take long to read. It leaves you

wanting to finish this one , sitting on the edge of your seat, so you can get on to the next. Well, I've spent time doing this survey....have to go start the next to see what happens and "who is who"...

This is a great start to a new series! N: The Beginning is a short story and the first in a futuristic young adult series. Christianity has been outlawed. Christians are hunted down and arrested. Kids are rounded up and put in a re-education program. Petra Bordeaux leads a band of children, keeping them safe and spreading the news of what the National Council is doing. How strong are you in your faith? If you were targeted for being a Christian, would you stand firm? Brother and sister, Petra and Artiss Bordeaux, are in such a position. A group of teens in North Texas are fighting for their freedom while escaping capture and imprisonment in a federal re-education center. Seamus shows up and tells Petra it has begun. He leads the way when there seems no way. Do you have faith that God can take care of you? Do you try to take things into your own hands, to help God out? Though friends, family, don't follow God, will you follow the truth on your own? It's your own decision. Not something you do just because your parents did. You have to make the choice. What will your choice be? I look forward to more books in this series. With the way things are in the world today, this a very timely subject. Even after reading the story, I'm still thinking about how it impacted me. How serious am I about my faith? Would it withstand persecution? Will you be a part of N? I received a free copy in exchange for an honest review.

Just ten years ago a story like this would have been considered farfetched by most people's standards. But that was then and this is now. N: The Beginning takes you on a sobering journey into a world where Christianity has been outlawed and Christians are fugitives in the United States. This short novel centers on a young girl Petra Bordeaux and a band of outcast children hiding from those who want them imprisoned in reeducation camps of the New America. The story begins when Petra's world is turned upside by the unthinkable. As events spiral out of her control she must find a way to protect her brother and survive in a world where no one is safe. With the help of a mysterious stranger Petra does her best to adapt to her uncertain circumstances while at the same time trying to hold to the moral standard she was taught by her parents. N: The Beginning is a story that challenges young and old alike to think about the future and how you would respond to being persecuted for your faith. For nearly two hundred and fifty years now the Christians of America have been shielded from the type of persecution others have faced and are facing in various parts of the world. Those days appear to be ending for America and so begins the story of N: The Beginning.

If your into Christian apocalypse, you'll like this. I'm not, and it nauseates me. I think it's a little fantastic, but YMMV.
