Homemaker Home Health Aide (Book Only)

Synopsis

Homemaker/Home Health Aide, 6th Edition is a comprehensive resource designed for use in initial training programs for home health aides, and as a reference in required continuing education courses. The practical applications of procedures required by OBRA are included in each unit. This book is designed to train new individuals entering the field for the first time, and practicing home health aides to be caring, dedicated, and skilled paraprofessionals. The role of the home health aide as a valuable member of the health care team is emphasized. CD-Rom that Accompanies Homemaker Home Health Aide, 6E includes an Overview, Highlights and Summary for each unit, Flash Cards with vocabulary words, Quizzes and Quiz Score Reports. --This text refers to an out of print or unavailable edition of this title.

Ohio State University Suzan Balduzzi is an experienced registered nurse and the former chairperson of the Nursing Assistant program at Western Wisconsin Technical College in LaCrosse, Wisconsin.

Good Product. I am also a collector and it shows in this book the buyer/seller knows a "complete" product...ie, unopened CD fully intact....even in a used condition, it has a true collegial mind set/college material.....I look to keep my product, thank you.

The book is in great shape and it supplied all my needs. I believe re-selling books is a great idea. I will do this again if I need to.

I ordered Homemaker Home Health Aide book and it was in awesome condition as well as the dvd that came with it. I received the book quicker than I expected and it was in great shape. This was my first time to order a book through and I will definitely do it again as it saves time and money and you get a quality product
