HIS BABY: A Bad Boy Hitman Romance

Synopsis

HE CAME TO KILL ME. HE STAYED TO SCREW ME. HE LEFT TO SAVE ME. Death is supposed to be a hooded figure with a scythe, not a sexy hitman with abs of steel. And don't even get me started on his massive, rock-hard equipment. I'll do whatever it takes to protect my infant son from this killer. Even if it means letting him own me completely. In any other circumstance, he would have been something out of my dreams. Tall, ripped, tattooed, with eyes like diamonds and arms like pythons. He was sex appeal personified. And the ragged growl rumbling in his chest made me want to do things I'd never done before. But this wasn't a dream. It was a nightmare. Because he wasn't there to sweep me off my feet. He was there to put me in my grave. I've gone through too much to let this be the end of me, though. I've faced hell to protect my son. And if this devil thinks he's gonna be the one to take my baby from me. Well, he better think twice. Because I'll fight. I'll f**k. I'll do anything and everything. The hitman wants my body? Fine. He can have my hands, my lips, everything between my legs. He takes all of that, along with something I never thought he'd touch: My heart. Oh, God. Am I falling for my killer? HIS BABY is a full-length, standalone, bad boy baby heist romance. Includes additional bonus content so you can keep on reading 'til you've had your fill of hot sex, thrilling action, and HEAs that will melt your heart!

Customer Reviews

I read this book as part of an arc program. I really enjoyed this story of a strong female and an alpha male who still wants to help and protect her. Evan was a hitman who was sent to kill Hannah and bring her infant son back to his mobster father. Hannah was escaping with her baby and trying to save their lives. When she is found by Evan, she attacks him and gets the upper hand. Hannah ties Evan up and is going to leave him until he convinces her that her husband will send more people after her and her best bet is to take him with her and have him protect them. Hannah is very resourceful and she can take care of herself and her son but still needs help against her abusive husband. Evan realizes Hannah is special and tough and he gradually wants to protect her and the baby. Hannah begins to trust Evan and they eventually act on their mutual attraction and stick together when the danger comes. I liked this book and it had a couple of twists I didn't see coming. Great one.

April Lust brings this story together featuring a strong female with broken wings and a viral alpha male with a tender streak a mile long. Especially when said male is a hitman for the mob who has been sent to kill our heroine and return her child to it's father who just so happens to be the leader of said mob! Although this is a hardcore storyline I had to chuckle during reading the opening pages as to how Evan and Hannah meet! "One for the record books" is all I'm sayin. Hannah is running from her abusive husband with her infant son in tow. How this story unfolds is exciting and thrilling. It will hook you and reel you in. Expect the unexpected at times. I truly enjoyed this book. Ms. lust's writing style continues to improve and I can't wait to see what exciting new book she has in store for her readers! I voluntarily reviewed an advanced readers copy of this book.

Evan has been hired to kill Hannah and return her son to his father that is part of the Cartel. Evan finds Hannah easily but instead of getting the moment of surprise on her she surprises Evan with a skillet to the head. She ties him up with the Christmas Lights that he was going to use on her. When he comes to he cannot believe how she got him first. He has never had this happen before. They have to stay on the run so her husband can't find them. Evan gets to find out that Hannah isn't the monster that his boss made her out to be. Can she keep her and her baby safe from her husband? Will she truly trust Evan? This is a great book to read. I received this book as an ARC copy for a

voluntarily honest review.

This was a different book for me as I actually have not read a Hitman book, usually, I go more for bikers, MMA fighters etc Well now I can add this type book to my list. Evan and Hannah's love is definitely a crazy ride. You are going to have to read it to find out the rollercoaster love of a hitman which you will not be disappointed with your choice. Happy Reading. April Lust you truly are an amazing author I will never stop reading your books. You always have me sitting on the edge of my seat wanting to read it all from front to back in one day. The laughter, love, sadness, you bring it all to the table. Please keep writing these books. I do so love them . I am so excited to read the next. YESSSS!!!

Loved loved loved this book. The way Evan and Hannah gradually changed and begin to believe in trust, love and most importantly believing in each other. Evan, a hit man sent to kill Hannah and take her son back to his father but Hannah is stronger than she looks. I just could not put the book down until the end. You never disappoint April.

This book was excellent. Hannah was a strong female character willing to do whatever was necessary to protect her child. Evan is the hitman sent to kill her. He falls in love with her instead. There is plenty of love and drama to keep you entertained. I have left an honest review on an advanced reader copy of this book.

A great entertaining Hit Man Romance from April Lust. This is a great story with great characters. This is an intriguing, enjoyable, hot romance and is definitely worth your time. I would recommend this book to anyone. I voluntarily reviewed an arc of this book. Can't wait to read the next book from April Lust
