Megan Miller is the bestselling author of Hacks for Minecrafters (a New York Times bestseller),

Hacks for Minecrafters: Master Builder, and Hacks for Minecrafters: Combat Edition (over 400,000 in print!). She lives in Santa Fe, New Mexico.

Our 7 year old son LOVES minecraft and loves this book. It has been so fun to read it together (as a parent I've learned a lot about minecraft from it)! It fuels his imagination and its so fun to read something and the next day he is putting it into practice but then anxious to go back to the book and learn some more. My husband and I love that it encourages his imagination but also propels him to want to read and learn from books rather than just watching YouTube. I highly recommend this book as a way for parents to engage in an activitiy with their kiddos if they enjoy minecraft. I was oblivious (I'm embarrassed to admit that) as to the intricacies of minecraft and what the imagination of a little boy is capable of. Pretty amazing!

This is a good, though incomplete, encyclopedia to the Minecraft universe. The writing is solid and gives you a good understanding of each topic, and the illustrations appear to be taken from the game directly and accurately show what each topic looks like, however, the low gloss pages mute the color and contrast, compared to how things appear in the actual game. The missing items are mostly the things you collect, which are pretty important. If you read the entire encyclopedia you **will** find references to some of the items here and there. But for a book that touts itself as ultimate it is anything but, and I was a little disappointed that I could not find topics for many things my son was interested in learning more about. But I guess there's always the Internet.

This was a gift for my nephew who LOVES minecraft and he really got into it because of the Bible stories! GREAT BUY!

it is for my 10 year old grandson and he told me he loves it.

Got this for a 9 year old Minecraft fanatic and he loves it.

Wont stop talking about minecraft.

Eight year old loved it!

Fast shipping. Happy. Thank you. :D
