# Mindset: 4 Manuscripts - Emotional Intelligence, Law Of Attraction, Positive Thinking, Visualization

## Synopsis

**Emotional Intelligence** Have your emotions been controlling you lately? Do you feel like there is nothing you can do? Do you feel hopeless? Have you ever wanted to be better? Do you struggle with communication? Are you always hiding your feelings and unsure on how to express them? Have you ever wondered what emotional intelligence was? If you answered yes to any of these questions then this book is for you. This book will give you experiences, and examples to better suite your needs. This book will become more than a helpful guide, but soon will become your self-awakening. Once you can control and express your emotions, then the concept of happiness becomes more obtainable. This book will include step-by-step instructions and the how to's along the way.

**Law Of Attraction** This book contains proven steps and strategies on how to use Visualization techniques properly and effectively to achieve the success you want. More and more people have watched the movie titled, "The Secret", and want to know more about the Law of Attraction. Many people want to learn how to improve or change their life. Other people have heard about Law of Attraction, but they have no idea about what it is or about how it will be able to influence their lives. But there is way more to the Law of Attraction as compared to feeling gratitude and just visualizing what you want. Gratitude and visualizing has a big role to play in attracting good to you. However, there are many other facets within yourself that need to be conquered before even starting to think about attracting anything and keeping what you attracted for that matter.

**Are you tired of being stuck where you are? Are you ready to make that change by using Law of attraction to get what you always dreamed of?**

**Positive Thinking** It has long been studied by psychologists and scientists that the powers of your thoughts affect your health, your mental abilities, and your emotional well-being. People that think positively actively anticipate good health, success, and happiness. Positive thinking helps people to overcome adversity, strengthen their faith, and transition through change with reduced stress levels. This book will go in depth into the optimal ways of changing your thought patterns that will help you develop your positivity, optimism and happiness. The way we feel about the stumbles and jumbles in our lives comes from our personal perception of what is happening in the world around us. The filter of perception is our thought habits. Your thoughts are in your power so take charge and command. You only have control of today, let go of the past and Start living life now!

**Are you ready to make that change? Tired of not being unhappy and falling back to the old pattern?**

**Visualization** This book contains proven steps and strategies on how to create your dream life and manifest abundance, creativity and success. Everyone deserves success; we all want to be great. We want to be recognized when we attend conferences and perhaps a better handshake will do but it all starts with your self-image and

what you said to yourself every day This book will guide you on how to discover who you are, how to market your personal brand professionally, learning to let go in order to bring in others, understanding your enemies, when you are self-sabotaging yourself and much more. Success in life starts when we know who we are and what is there in store for us. It is, therefore, critical that we start building ourselves and delivering nothing else but quality Are you ready to make that change and visualize for greater future? Take Action Today and Create a Great Life! Success is yours for the taking! Click the "Buy now with 1-Click" to the right and get this short guide immediately

## **Customer Reviews**

The book contains proven steps and strategies on how to create your dream life and manifest abundance creativity and success It's a very powerful book and also very easy to read and understand

This set of book was really helpful for me as an individual. I want a personal development on myself and improve and be a better person. The book was informative and detailed and I have enjoyed

learning while reading.

good read

This book was incredibly inspiring, the main focus of this book is to restore the reader to a place of improved mental and physical health the book tells of changing our attitudes by the way we think just take action if you haven't read this book yet, and if you're into attitude-improvement I would recommend this one for you.
